Two-day visit of 3rd and 5th Semester Leather Technology Students of Kashmir Govt. Polytechnic College Srinagar to Industrial Growth Centre Lassipora Pulwama on 20 Nov-23 & 21-Nov-2023

Two-day visit of 3rd and 5th Semester Leather Technology Students of Kashmir Govt. Polytechnic College Srinagar to Industrial Growth Centre Lassipora Pulwama on 20 Nov-23 and 21 Nov-2023.

A group of 3rd and 5th semester students of the Leather Technology Department from Kashmir Government Polytechnic College Srinagar visited the Industrial Growth Centre Lassipora Pulwama on November 20 and 21, 2023. The two-day industrial visit was aimed at providing the students with practical exposure to leather processing and tannery waste management. The students learned about the wet blue manufacturing process and the different tanning methods used to produce various types of leather. They also observed the measuring, selection, and grading of leathers based on quality and suitability. The visit enabled the students to gain an overall understanding of the leather industry and its products.

The students also got to know about the tannery waste management practices followed by the Industrial Growth Centre. They learned about the treatment methods of leather industry waste and the reuse of leather waste for various purposes. They also understood the importance of treating the leather industry wastes and their effects on air, soil, and water pollution if left untreated.

Er. Altaf Hussain Shalla, Principal Kashmir Government Polytechnic College Srinagar flagged off the bus for the industrial visit. The Principal emphasized the importance of the leather industry in the region and the need for skilled professionals to drive its growth and sustainability. He encouraged the students to make the most of the opportunity. The students were accompanied by Er. Sheeraz Bashir Shah, Lecturer Grade -I and Er. Mubarak Ibni Majid, Lecturer Grade -I of Leather Technology Department.

The industrial visit was a valuable learning experience for the students, as it enhanced their theoretical knowledge with practical skills and insights. The visit also helped the students to develop their interest and awareness of the leather industry and its potential for growth and innovation. The students and faculty expressed their gratitude to the principal for arranging the industrial visit and facilitating their learning. They also thanked the staff and management of the Industrial Growth Centre for their hospitality and guidance.
