Kashmir Government Polytechnic College, Srinagar, Undertakes Massive Plantation Drive to Enhance Campus Greenery.

Kashmir Government Polytechnic College, Srinagar, has launched a massive plantation drive aimed at significantly enhancing the green cover of its campus. As part of this ongoing initiative, approximately 1,500 conifer (Deodar cedar) saplings are being planted around the campus premises.

The drive is receiving support from the Divisional Forest Officer, Urban Forestry Division, Srinagar, who has generously provided the saplings along with essential manpower assistance. This partnership highlights the shared commitment of the institution and the Forest Department towards expanding urban greenery and fostering environmental sustainability.

The Principal, staff, faculty, and students of KGP Srinagar are continuously and actively engaged in the ongoing planting activities, reflecting a strong collective effort to create a more eco-friendly and sustainable campus environment.

Speaking on the occasion, the Principal of KGP Srinagar stated: "This ongoing plantation drive represents our dedication to instilling environmental stewardship in our students while contributing to a greener Kashmir. By planting these native Deodar saplings, we are beautifying our campus and bolstering climate resilience and local biodiversity. We are deeply thankful to the Urban Forestry Division for their invaluable support and look forward to strengthening this collaboration."

The initiative, which is currently in progress, aligns with regional efforts to address climate challenges and preserve Kashmir's natural legacy through the plantation of indigenous conifer species ideally adapted to the local climate.

KGP Srinagar continues to prioritize environmental education and action, encouraging future technical professionals to embrace sustainability.
