GLIMPSES OF ACHIEVEMENTS/NOTABLE ACTIVITIES FOR THE MONTH OF MARCH-2026

➤ **Kashmir Government Polytechnic College, Srinagar Successfully Hosts PMKVY 4.0 Awareness & On-Spot Registration Event.**

Kashmir Government Polytechnic College (KGP), Srinagar, organized a highly successful awareness and on-spot registration drive under Pradhan Mantri Kaushal Vikas Yojana (PMKVY) 4.0, the flagship skill development initiative of the Government of India on 09-03-2026.

The event was graced by Dr. Shafquat Ara, Principal of Kashmir Government Polytechnic College, Srinagar, who addressed the gathering of aspiring candidates. In her motivational speech, Dr. Shafquat Ara emphasized the importance of skill training in today's competitive job market and encouraged participants to take full advantage of the free, industry-aligned courses offered under PMKVY 4.0 to build brighter futures and contribute to the nation's development.

The event witnessed enthusiastic participation from youth aspirants keen to enroll in free, industry-relevant skill training programs. The Principal of Kashmir Government Polytechnic College, Srinagar addressed the gathering, highlighting the transformative role of skill certification in securing better employment opportunities and contributing to personal and national growth. Aspirants were motivated to seize the benefits of PMKVY 4.0 and build strong career foundations.

A major highlight of the program was the smooth on-spot registration facility, which allowed interested candidates to enroll immediately in various short-term and job-oriented courses. The quick and hassle-free process was widely appreciated by all participants.

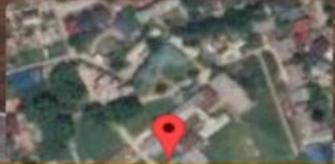

The event was attended by Er. Tooba Shah, Incharge Academics, along with experienced trainers and other faculty members of the institution, who interacted with the aspirants and provided detailed guidance about the training modules and future prospects.

Students and participants expressed great happiness and satisfaction with the event. Many remarked that the motivational address, informative session, and instant registration opportunity had inspired them to take the first step toward skill enhancement and employment readiness.

➤ **Institution Successfully Hosts OMR-Based Examination for Wildlife Guard Posts by JKSSRB.**

The OMR-based examination for the post of WildLife Guard conducted by the Jammu & Kashmir Services Selection Board (JKSSRB) was successfully held on 08th March 2026 (Sunday) at KGP, Srinagar.

The examination was conducted in one shift/session in a smooth and hassle-free manner. In order to ensure proper conduct of the examination, the institution had made all necessary arrangements and assigned specific duties to officers/officials as per the JKSSRB guidelines.

All assigned staff reported on time and performed their duties diligently, resulting in the peaceful and successful completion of the examination without any untoward incident.

➤ **Awareness and Training Session on “Renewable Energy” Held at Kashmir Government Polytechnic College Srinagar on 14-03-2026.**

A comprehensive training session on Renewable Energy was successfully organized today at the auditorium of Kashmir Government Polytechnic College (KGP), Srinagar in collaboration with JAKEDA. The session was conducted as part of the institute's ongoing efforts to provide training to the students related to the Solar Power Installations and enhance awareness among students and faculty on sustainable energy practices.

Experts from the Jammu & Kashmir Energy Development Agency (JAKEDA), the nodal agency under the Department of Science & Technology, Government of Jammu & Kashmir, delivered insightful lectures and presentations.

The JAKEDA team shared valuable information on the latest developments in renewable energy sources, including solar, hydropower, wind, biomass, and other emerging technologies, along with government initiatives, schemes, and practical applications relevant to the region.

The session aimed to equip participants with a deeper understanding of renewable energy systems, their implementation challenges in Jammu & Kashmir, and opportunities for innovation in the field. It witnessed active participation from students of various engineering diploma programs, faculty members, and staff.

On the occasion, the Principal of Kashmir Government Polytechnic College, Srinagar, addressed the gathering and emphasized the critical importance of renewable energy in addressing climate change, reducing dependence on conventional sources, and promoting sustainable development. The Principal said, "Such interactive sessions with experts from JAKEDA are invaluable for our students. They not only broaden their horizons on green technologies but also inspire them to contribute towards a cleaner and energy-secure future for Jammu & Kashmir and the nation. We are committed to integrating renewable energy education into our curriculum and fostering collaborations that drive real-world impact."

The event concluded with an interactive Q&A session, where participants raised queries on topics ranging from rooftop solar installations to policy incentives for renewable projects.

➤ **KGP Faculty Members Successfully Complete Faculty Development Programme at Islamic University of Science and Technology (IUST), Awantipora.**

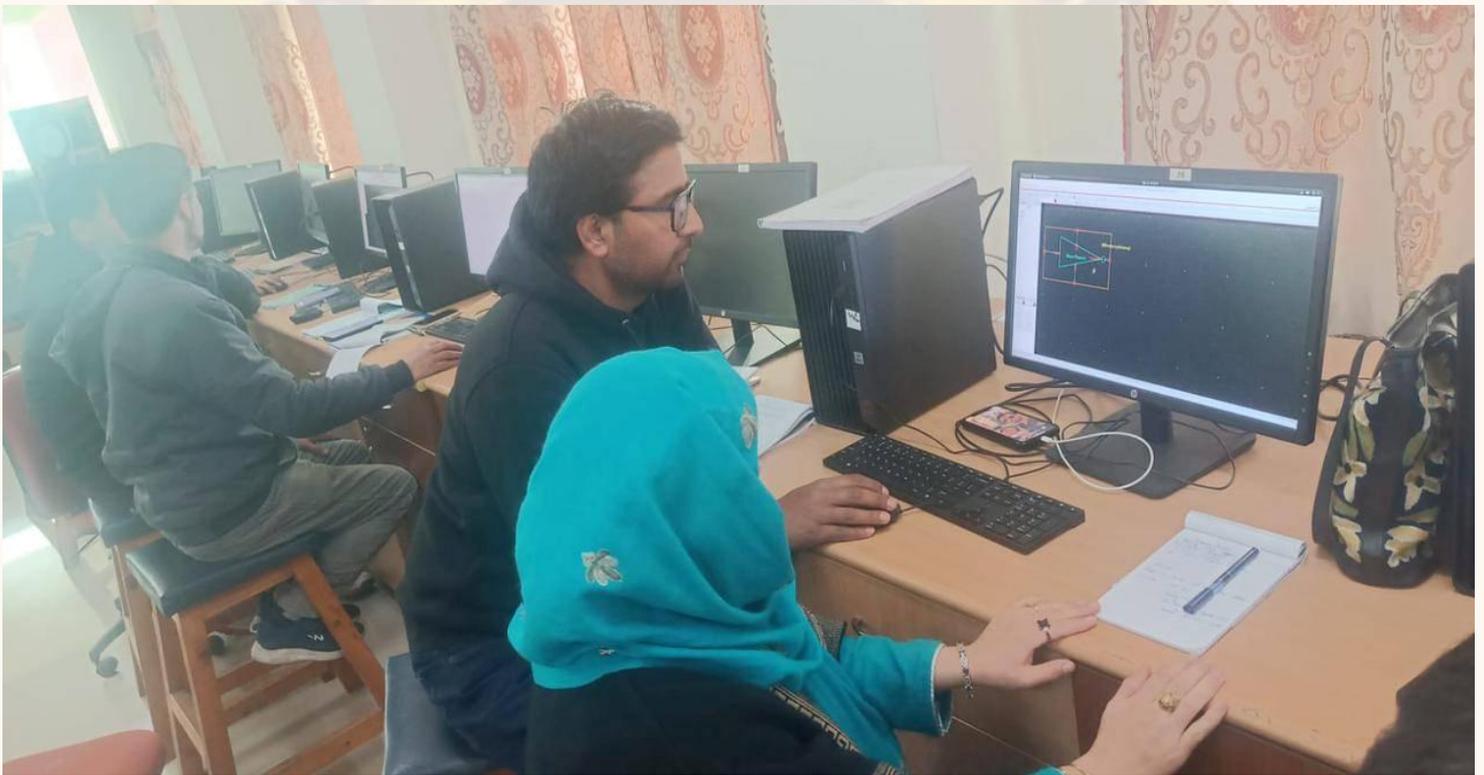

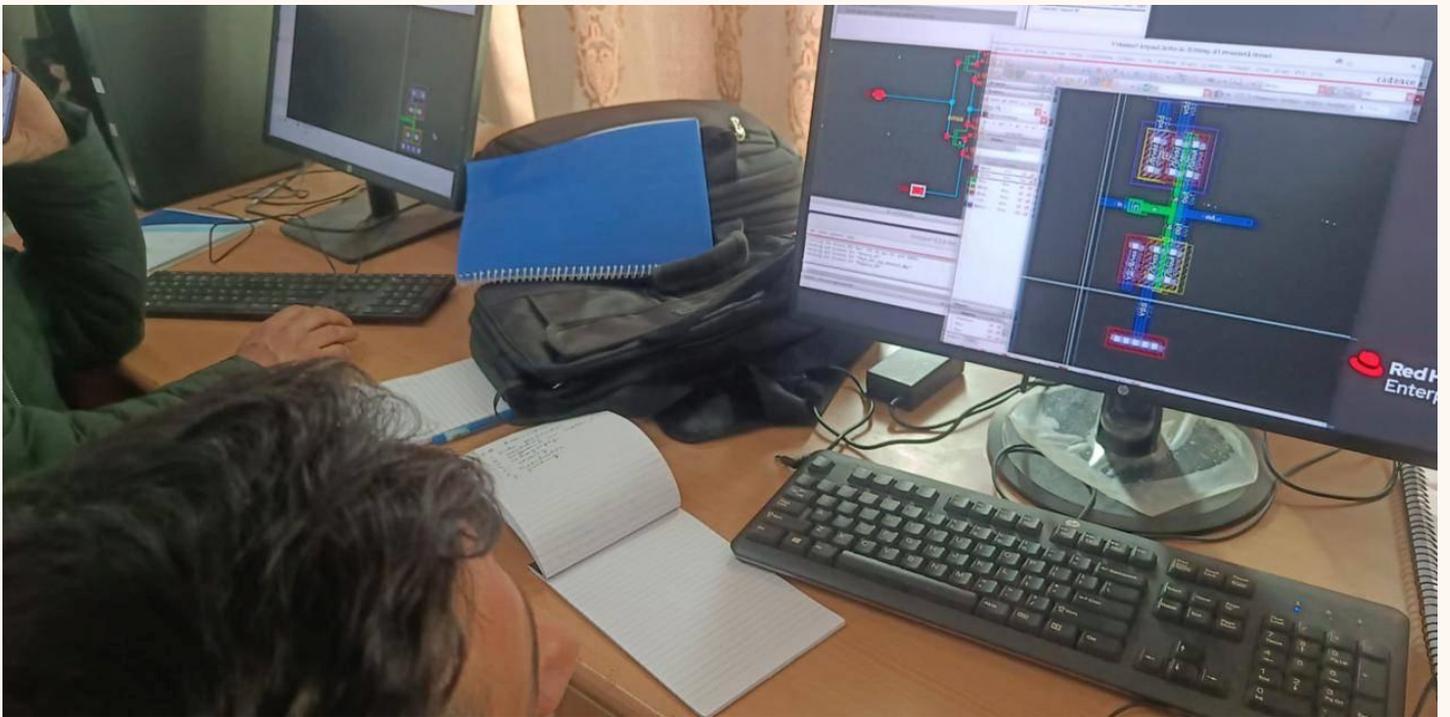

The Faculty Development Programme (FDP) organized by ICT Academy, Hyderabad, in collaboration with Islamic University of Science and Technology (IUST), Awantipora, Pulwama, Kashmir, has been successfully completed.

In pursuance of the letter No. DSDD-Poly/294/2022-05/163723/1780-1797 dated 29-02-2026 issued by the Directorate of Skill Development, J&K, Srinagar, the following four faculty members from KGP had participated in the programme w.e.f. 09-03-2026:

1. Mr. Farooq Ahmad Bhat, Department of Electrical Engineering
2. Mr. Tariq Ahmad Khan, Department of Electrical Engineering
3. Ms. Saba Hamdani, Department of Electronics & Communication Engineering
4. Mr. Sofi Nisar Ahmad, Department of Electronics & Communication Engineering

It is a matter of great pleasure to announce that all the nominated faculty members have successfully attended and completed the Faculty Development Programme.

The programme was conducted at Islamic University of Science and Technology (IUST), Awantipora, with no registration fee. This successful participation is expected to significantly enhance the professional skills, knowledge, and teaching capabilities of the faculty members in their respective disciplines of Electrical Engineering and Electronics & Communication Engineering.

➤ **Ongoing Networking Activities in Department of IT at KGP Srinagar.**

The Department of Information Technology at KGP Srinagar is actively engaged in fostering a vibrant culture of networking and professional development through continuous student-led initiatives.

Under the guidance and mentorship of the entire staff of the Department of IT, students are currently carrying out ongoing networking activities. These initiatives focus on building technical skills, enhancing peer-to-peer collaboration, industry exposure, and knowledge sharing in the rapidly evolving field of Information Technology.

The activities include regular networking sessions, group projects, technical discussions, skill-sharing workshops, and collaborative learning platforms, all designed to prepare students for real-world challenges and future career opportunities.

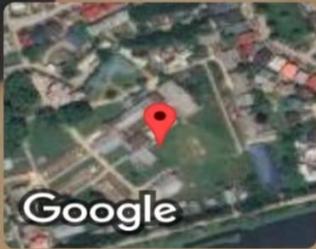

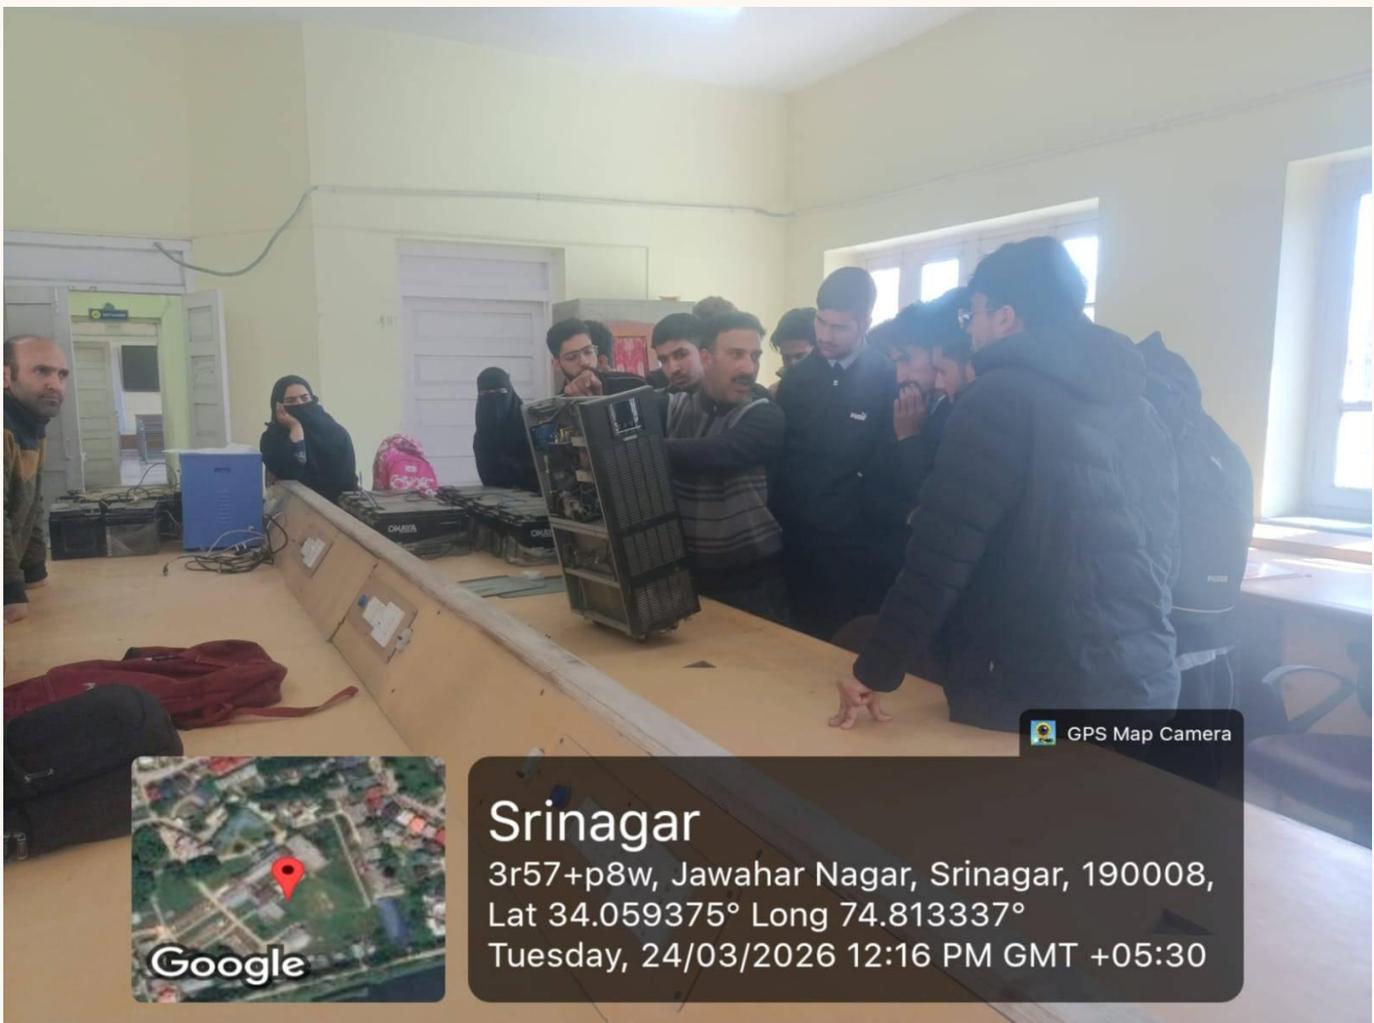

The dedicated faculty and staff members of the Department of IT are providing continuous support, supervision, and expert guidance to ensure the success and effectiveness of these student-driven efforts.

➤ **Department of Electrical Engineering Organizes Hands-on Training on UPS for Students at KGP Srinagar.**

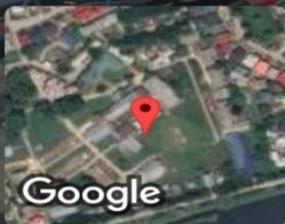

The Department of Electrical Engineering successfully conducted specialized hands-on training on Uninterruptible Power Supply (UPS) for its students. The training program focused on practical aspects of UPS systems including working principle, installation, maintenance, troubleshooting, power backup systems, and their applications in electrical and electronics setups. Under the guidance of the faculty and staff of the Department of Electrical Engineering, students actively participated in the training sessions and gained valuable technical knowledge and practical skills related to UPS systems. This initiative reflects the department's commitment to providing industry-relevant practical training and enhancing the technical competence of students in the field of Electrical Engineering.
