ICT Academy Organises 5-Day Faculty Development Program on PCB Design at Kashmir Government Polytechnic College, Srinagar (Under the Aegis of Ministry of Electronics and Information Technology, Government of India).

ICT Academy, under the aegis of the Ministry of Electronics and Information Technology (MeitY), Government of India, has organised a 5-Day Faculty Development Program (FDP) on PCB Design. The program is being hosted by Kashmir Government Polytechnic College, Srinagar.

The Faculty Development Program commenced today on 17-08-2026 at Kashmir Government Polytechnic College, Gogji Bagh, Srinagar, and will continue till 21 August 2026. More than 30 participants from various technical institutions of Kashmir are taking part in this hands-on training programme designed to enhance their knowledge and practical skills in PCB Design.

ICT Academy, a leading not-for-profit society working towards bridging the industry-academia skill gap, has been instrumental in organising quality Faculty Development Programs across the country. Through this initiative, ICT Academy aims to equip educators with industry-relevant skills in PCB Design and strengthen technical education in the region.

Dr. Shafquat Ara, Principal of Kashmir Government Polytechnic College, said that such Faculty Development Programs are essential for upgrading the skills of teachers in emerging technical domains. She expressed confidence that the training on PCB Design will greatly benefit the faculty members and, in turn, the students of technical institutions across Kashmir.

Faculty members present on the occasion appreciated the initiative and said that the practical sessions will help them gain deeper insights into modern PCB design techniques and improve their classroom teaching.

The initiative aims to strengthen the technical capabilities of educators and equip them with contemporary skills in Printed Circuit Board (PCB) design, which is crucial for the growth of the electronics and manufacturing sectors.

Kashmir Government Polytechnic College, Srinagar, is pleased to host this prestigious national-level Faculty Development Program and looks forward to its successful conduct over the next five days.
