

Hon'ble MLA Lalchowk Jenab Ahsan Pardesi Visits Kashmir Government Polytechnic College, Srinagar.

Kashmir Government Polytechnic College, Srinagar, today had the privilege of hosting Hon'ble Member of Legislative Assembly (MLA) Lalchowk, Jenab Ahsan Pardesi, on 09 September 2026.

During the visit, the Hon'ble MLA inspected the ongoing construction of the overhead water tank being executed by the Public Health Engineering (PHE) Department. He also inaugurated the project work for a badminton court being constructed by the students of the Civil Engineering Department and a volleyball court under construction by the Roads & Buildings (R&B) Department.

Interacting with students and college authorities, Jenab Ahsan Pardesi reviewed the progress of various developmental works and assured continued support for student welfare. Responding to a representation submitted by the students—and in line with the approval given during the Hon'ble Chief Minister's visit to the Institution on 03-09-2026—the Hon'ble MLA assured that an ambulance van would be provided to meet the Institution's emergency medical needs.

Responding further to the representation submitted by the students, the Hon'ble MLA announced the provision of four commercial water filters—one each for the boy's and girl's hostels, and two for the main campus—to ensure safe drinking water for students and staff. He also assured that fencing of the volleyball court, as well as fencing and turfing of the badminton court, would be taken up on priority.

Responding to the student's request for a college bus, Jenab Ahsan Pardesi assured that the matter would be examined and appropriate action initiated.

Dr. Shafquat Ara, Principal, Kashmir Government Polytechnic College, Srinagar, thanked the Hon'ble MLA for his visit, his keen interest in the developmental works of the Institution, and the assurances given for the welfare of the students.

The visit was marked by constructive dialogue and a clear commitment to improving campus infrastructure and student amenities at Kashmir Government Polytechnic College, Srinagar.
